official website

WHO WE ARE

We uphold the core values of "integrity and diligence, customer first, pursuit of excellence", and adhere to the mission of "SDLANCH: Rising from the East, create the future with intelligence". We drive innovation through flat management and unite our team through humanistic care. Currently, we focus on the intelligent R&D and manufacturing of mini construction machinery; looking ahead, we are committed to becoming a global pioneer in intelligent manufacturing innovation.

We are eager to partner with global collaborators, empower product upgrades with smart technology, consolidate cooperation with our core strengths, and jointly explore new horizons in the global market.

MINI MACHINERY

Scenario: Suitable for working in confined spaces

Value: Covers all scenarios including construction, transportation, and site maintenance

OUTDOOR RECREATION

Scenario: Outdoor entertainment and lifestyle

Value: Covers both leisure equipment and practical facilities

VEHICLE MAINTENANCE EQUIPMENT

Scenario: Vehicle repair and maintenance

Value: Standardized vehicle inspection tools

EQUIPMENT STORAGE AND LIVESTOCK BREEDING

Scenario: Versatile and easy to place

Value: Can be used as a warehouse or a livestock shed

COMPANY OVERVIEW

Since 2016, it has been a high-tech innovative enterprise integrating research and development, production and sales.

GLOBALIZATION

Overseas offices and regional warehouses have been established in multiple locations including the United States, Russia, the United Kingdom, Spain, Australia, South Korea, and Saudi Arabia.

MARKET

Certified by authoritative bodies such as ISO9001, EPA, and CE, with over 1,000 SKUs exported to 170 countries and regions.

HARDWARE CAPABILITY

The factory covers 105,000 square meters and is equipped with an R&D center, production facilities, and a professional team.

GARAGE TENT

SDL1220GMLS

Material: Galvanized Metal

Normal size: 12*20*7(FT)

Can be used as a cowshed or pigsty

SDL1220FT

Material: Galvanized steel

Normal size: 12*20*7(FT)

Can be used as a garage

SDL2020FT

Material: Galvanized Metal

Normal size: 20*20*7(FT)

Can be used as an outdoor rain and sun shelter

SDL2030FT

Material: All: Steel

Normal size: 20*30*12(FT)

Can be used as a garage; with windproof curtains, it can be used as a house.

SDL1G

Size: 4200*5800mm

Material: Iron

Strong corrosion resistance

BAODING JIA SERIES

SDLSC

Weight: 1100kg

Dimensions: 3500*1500*2400mm

Quietly guides livestock forward

DRONE

SLDL8100P

Rated load: 50kg

Overall size: 1725*1755*1075mm

Empty aircraft weight: 35kg

SLDLJT1M200T

Maximum take-off weight: 150kg

Total body length: 3400mm

Maximum flight altitude: 500m

SLDLJT1M60Q

Overall machine weight (empty, without battery): 28kg

Boundary dimension: 2885*2885*790mm

Spray array: 6-10m

SLDL45

Flight height: 5000m

Length and height: 2905*930mm

Maximum range: 1000km

SLDLJT1M50S

Maximum working flow: 10L/min

Boundary dimension: 2250*2020*750mm

Spray array: 4-8m

SLDL71D

Camera: CADDX Ratel 2

Flight speed: 140km/h

Empty-load flight time: 30mins

SAFETY CONE

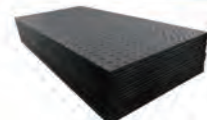

SDLSC50

High-visibility reflective film

Widened base design

Customizable

GROUND PROTECTION MAT SERIES

SDLFPP

Specifications and dimensions can be customized

Insulating and anti-corrosive

Waterproof and oil-resistant

MASSAGE CHAIR

SDLMC-10

Gross/Net weight: 66/77kg

Overall dimensions: 145*75*103.5cm

Entrance size: 76*104cm

SDLMC-S1

Gross/Net weight: 69/79kg

Overall dimensions: 145*75*103.5cm

Entrance size: 76*104cm

SDLMC-A7

Gross/Net weight: 67/77kg

Overall dimensions: 116*75.5*104cm

Entrance size: 76*104cm

SDLMC-K2

Gross/Net weight: 90/100kg

Overall dimensions: 162*78*114cm

Entrance size: 79*115cm

Battery power: 60V100AH

SDLGA-6 SEATS

Battery: Lead-Acid / lithium-ion

Motor: AC,3.5KW

Battery power: 60V100AH

SDLGC50

Equipped with a foldable baby seat convertible for three uses

Huge storage space under the seat

Optional battery: 48v60v72v

SDLGC40

Preparation Mass: 116kg

Dimension: 1800*1800*1500 mm

Maximum speed: 15.5 miles/h

SDL650

Motor:650W Motor

Overall Dimensions: 1850*920*1650mm

Optional Battery: 48V/60V/72V

ELECTRIC TRICYCLE

SDLET1.3

Load capacity: 250kg

Carriage Dimensions: 1300*900mm

Optional battery: 48v60v72v

SDLET1.5

Load capacity: 500kg

Carriage Dimensions: 1600*1100mm

Optional battery: 48v60v72v

SDLET1.8

Load capacity: 800kg

Carriage Dimensions: 1800*1300mm

Optional battery: 48v60v72v

SDLLK-1T

Load capacity: 1T

Carriage Dimensions: 1800*1300mm

Optional battery: 48v60v72v

SDLTB

Can increase Device for taximeter reading

Seats 3 people plus the driver, Four in total

Optional battery: 48v60v72v

LAWN MOWER

SDLM20

Engine: RunTong225

Cutting Height/Width:700mm/500mm

Battery life: 3-4h
